Caracteristici

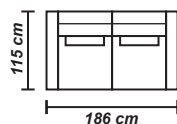

Structura de rezistență este realizată din lemn masiv de fag și multistrat, iar confortul este asigurat de șezutul din poliuretan HR (high resilience) așezat pe o plasă de arcuri sinusoidale. Spătarul este realizat din poliuretan așezat pe o împletitură de chingi elastice. Extensia produsului este realizată din metal. Pernele decorative sunt umplute cu puf siliconat.
